Waterfalls

- **Bridal Veil Falls**

Height: 120 feet

This unique waterfall cascades right over Highway 64 and sometimes features a rainbow in the afternoon sun. You can either view the falls from the highway or drive right underneath them. Bridal Veil Falls is one of three main waterfalls in the Cullasaja Gorge.

Directions: From Cashiers, take Highway 64 West for 10 miles into Highlands. Turn right at the second red light, continuing on Highway 64 for 2.8 miles to the falls on your right.

- **Dry Falls**

Height: 75 feet

Part of the Cullasaja Gorge in the Nantahala National Forest , Dry Falls earned its name because you can take a trail to walk behind the falls and not get wet (don't count on that last part). This is a massive, thundering waterfall that is not to be missed!

Directions: Continue past Bridal Veil Falls for .9 mile to a Forest Service parking area on the left. Follow the stone staircase to the falls, which cascade overhead. A short path takes you behind this waterfall. The \$2 parking fee also covers same-day entrance to Whitewater Falls; just be sure to save your receipt.

- **Lower Cullasaja Falls**

Height: 250 feet

The rushing waters of the Cullasaja River flow over the Lower Cullasaja falls, in the Cullasaja Gorge. At 250 feet high, these falls are spectacular and are part of the Mountain Waters Scenic Byway. They can easily be viewed from the road; it is not safe to try and hike down to the base of the falls.

Directions: From Dry Falls, continue on Highway 64 for 3.3 miles. Pull off to the left onto gravel for a view of the upper falls. Continue another 2.4 miles on Highway 64. and pull off to the left side of the road for a view of the lower falls. You can also pass the pull-off, find a safe place to turn around and then go back and enter the pull-off facing the falls. Be sure to pull your vehicle off the road completely, as passing trucks need two lanes to navigate the adjacent curve. Be careful!

- **Sliding Rock Falls**

Length: 60 feet

Managed by the US Forest Service, Sliding Rock is a natural rock slide with a pool at the bottom to catch those who take the plunge. Cool rushing water flows at 11,000 gallons per minute over the smooth granite face of the rock. Lifeguards and staff are on duty during the busy summer season. Located in Pisgah National Forest, Sliding Rock is a thrill for kids of all ages.

Directions: From Cashiers, take Highway 107 South for 1.5 miles. Turn right onto Whiteside Cove Road and go another 1.5 miles.

- **Silver Run Falls**

Height: 25 feet

The lower portion of Silver Run Falls cascades over a rock ledge into an enchanting tree-lined pool. There is also a sandy beach, making this a fun swimming and picnic area that is popular with both tourists and locals.

Directions: Take Highway 107 South approximately 4.3 miles to gravel parking on the left. A brown Forest Service sign marks the area. Follow the short trail and cross a small foot bridge over the Whitewater River to reach the falls.

- **Whitewater Falls**

Height: 411 feet

Whitewater Falls is the highest waterfall east of the Rocky Mountains. These amazing falls plunge over 400 feet into the river below. Because of the rugged terrain with steep slopes and rock cliffs, the area is mostly wild. Undisturbed by man, many varieties of ferns, mosses, fungi flourish, along with beautiful native plants, wildflowers and berries.

Directions: From Cashiers, drive south on Highway 107 for 9.3 miles. Shortly after crossing the state line into South Carolina, turn left at the sign for Whitewater Falls. Continue 2.3 miles to the intersection with SC 130, which becomes NC 281 at the North Carolina state line. Just beyond this point is a sign for the entrance to Whitewater Falls.

- **Looking Glass Falls**

Height: 60 feet

One of the most popular waterfalls in Western North Carolina, Looking Glass Falls is actually a stunning 30-foot wide cascade over a sloped 60-foot surface of polished granite – Looking Glass Rock. It resembles a mirror (or "looking glass") in the winter, as water freezes on its sides and reflects the sun. Looking Glass Creek flows past the falls through Pisgah National Forest.

Directions: From the intersection of Highway 107 and Highway 64 in Cashiers, drive east on Highway 64 for 32.7 miles. Turn left (north) onto US 276 and continue for 5.9 miles. Park on the right. View the falls from the roadside, or descend a stone staircase to the bottom of the falls.

- **Hurricane Falls**

Height: 30-40 feet

Scenic Hurricane Falls empties into Lake Glenville. Although hiking down to the fall is not advised, you can enjoy a great view of it from the roadside. Or, you can access it by boat. Boat rentals are readily available on Lake Glenville. Take along some lunch and enjoy a very special picnic on the water.

Directions: From Cashiers, take Highway 107 North 2 miles and make a left onto Norton Road. Follow road for .5 mile to a pull-off area just past the bridge.

Hiking Trails

- **Chattooga Loop Trail**

Length and Difficulty: 2 miles, easy

Take a leisurely walk through the woods and then along the Chattooga River. This hike features beautiful views of rock formations from the Bull Pen Bridge, known as "The Iron Bridge". This is a great spot to take photographs. The Chattooga Loop Trail is a very short portion of the longer Chattooga Trail.

Directions: From the intersection of Highway 107 and Highway 64 in Cashiers, travel south on Highway 107 for 7 miles. Turn right onto Bull Pen Road and drive 5.4 miles to the Bull Pen Bridge. The trailhead is on the right, on the far side of the bridge.

- **Chattooga Narrows Trail**

Length and Difficulty: 2.9 miles, moderate

Also known as the Chattooga Cliffs Trail, the Chattooga Narrows Trail is a portion of the longer and more difficult Chattooga Trail.

Directions: From the intersection of Highway 107 and Highway 64 in Cashiers, travel south on Highway 107 for 1.7 miles. Turn right onto Whiteside Cove Road and drive 6.8 miles to the Jackson/Macon county line. Look for the Highlands Fire District sign, and park on the left.

- **Cliffside Lake Recreational Area and Van Hook Glade**

Length and Difficulty: Varies

The Cliffside Lake Recreation Area and Van Hook Glade are located in Nantahala National Forest in the Appalachian Mountains of North Carolina. This scenic area is home to seven hiking trails, a six-acre lake and two spectacular waterfalls, Dry Falls and Bridal Veil Falls. Camping, fishing, swimming and picnic areas with grills are available. Less than ten miles northwest of Highlands on State Road 28, Cliffside Lake Recreation Area has been referred to as a mecca for those who enjoy the outdoors.

Directions: From Highlands, take Highway 64 West for 4.5 miles, turn right at the sign and go another 1.5 miles.

- **Panther town Valley Loop**

Length and Difficulty: 5.6 miles; moderate

Nicknamed the "Yosemite of the East", Panther town Valley is a hiker's dream. Tucked away in Nantahala National Forest, it covers 6,700 acres and features incredible granite domes and cliffs, major waterfalls, numerous creeks, endangered plant species and rare high altitude bogs. Breathtaking views from the cliffs overlook the entire valley floor. Some of the trails are in disrepair and not clearly marked, so it is very important to use a map and stay on the main trails. Fishing, camping and mountain biking are permitted.

Directions: From the intersection of Highway 107 and Highway 64 in Cashiers, take Highway 64 East for 2 miles. Turn left onto Cedar Creek Road and continue for 2.3 miles. Turn right onto Breedlove Road and drive 3.4 miles to the parking area.

- **Whiteside Mountain Trail**

Length and Difficulty: 2 miles, moderate

Whiteside Mountain rises to an elevation of 4,930 feet and is about 400 million years old. The mountain's distinctive rock faces look like sheets of blue-gray ice. A popular short

hike, Whiteside Mountain Trail is a loop that runs across the tops of these 750-foot cliffs and offers many outstanding views to the east, south and west. Rare Peregrine falcons and many varieties of colorful wildflowers make their home on this stunning mountain.

Directions: From the intersection of Highway 107 and Highway 64 in Cashiers, drive 4.7 miles west on Highway 64, and turn left on Whiteside Mountain Road at the brown Whiteside Mountain Trail sign. Continue for 1.1 miles, passing Wildcat Cliffs Country Club on the right, and turn into the gravel parking area.

- **Yellow Mountain Trail**

Length and Difficulty: 9.6 miles, difficult

At 5,127 feet above sea level, Yellow Mountain is one of the highest mountains in the Highlands Ranger District. Yellow Mountain Trail takes you to the top, where you will enjoy an unbelievable 360-degree view from the Yellow Mountain Fire Tower. The Civilian Conservation Corps and the US Forest Service built the fire tower in 1934; in the early 1990's, the tower was revitalized and in 1992 was recognized as a National Historic Lookout. The trail showcases a variety of trees, flowers and berries. This strenuous hike is well worth the trip but is not appropriate for beginners.

Directions: From the intersection of Highway 107 and Highway 64 in Cashiers, drive 7.3 miles west on Highway 64. Turn onto Buck Creek Road and go 2.3 miles to Cole Gap, passing Chestnut Hill on the right. Look for a steep path on the right with a small wooden sign and steps leading to the trail. Parking is on the left in the gravel.
